Ring Size Guide/ Instructions

/ 1

STEP 1

Click on print. Make sure there is no page alignment function active eg. 'align page' or 'fit to page' or 'print as image'

STEP 2

Place one of your rings on the sizing guide and evaluate which size of circle fits closest to the edge of the inside of your ring. The indicated figure is your ring size.

COMMENTS

The sizes on the ring size guide may suffer distortions according to the configuration of your printer. The purpose of this guide is to help identify your approximate ring size. If you are unsure the safest option is to go into any high street jeweller and get your finger measured.

Babette Wasserman London's rings are offered in three standard sizes:

Small / UK ring size L

Medium / UK ring size N

Large / UK ring size P

IMPORTANT

Please note all our rings are hand sized and hand polished therefore they may vary up to 1/2 UK size larger. To guarantee that the ring size guide was printed accurately, use a ruler to check the scale below is 1 inch. If it is not accurate, please re-align your printer or pop into a jeweller to get an exact measurement.
